

Conference Call with Senator Young

April 6, 2020

There are so many people with so much to say, with so many questions, with so many ideas to share, and with so much care for our community. As we all take in the ever-increasing information that is coming from so many sources, we continue to look for the data that is telling us the best story and painting the best picture of how the COVID-19 pandemic is going to impact us and how do we get through this.

The Legislative Affairs Council here at the Greater Elkhart Chamber of Commerce, like many of our other councils, has continued to work to ask the best questions of the right people on behalf of Greater Elkhart business community and then getting that information back to you. To that end, it is important, when possible, for our membership to hear first-hand from those decision makers at the forefront of our response and proactive approach to our current and future health and economic situation.

This Friday, April 10 from 1:00 to 1:50 p.m., the Greater Elkhart Chamber of Commerce Legislative Affairs Council will be hosting a [conference call with Senator Todd Young](#). He will share his insights on the current situation, update us on the CARES Act, specifically the Payroll Protection Program, and discuss the pre, current, and post COVID-19 economy. To be a part of this conference call you will need to [register](#). Once you have registered, you will be given the phone number and access code to join the call. You may submit questions for Senator Young when you [register](#) or send them to info@elkhart.org with the subject line Conference Call with Senator Young. The deadline for questions is 3:00 on Tuesday, April 7

Levon D. Johnson

President/CEO

Greater Elkhart Chamber of Commerce
